

CIHAD UPDATES

April 22, 2020

CONNECTING

It's been over a month since our state's stay at home mandate was put into place, and CIHAD has been evolving to a new way of working. While change is constant, the one thing that always remains the same is our dedication and commitment to you and our student Dreamers. Over the last month, the three items that have proven to be critical have been community, connections and communications.

Hopefully during this time you have felt the strength of the CIHAD community in supporting you during this time. Also, that you have embraced and enjoyed the changes that we have made to connect and communicate with you via social media and our new app [Flyer Connect](#). Flyer Connect is a communication tool that provides translated communication, academic and program tools, and social resources to families. Families add the app to their devices and are instantly able to receive communication from Colorado I Have A Dream Foundation. The app allows for two-way communication between CIHAD staff and users, increasing our ability to keep families up-to-date on programming and resources while at the same time providing an easy way for families to ask questions, share concerns, and request support.

VIRTUAL PROGRAMS & ACTIVITIES

Two weeks ago, we introduced our distance learning strategy on our social media platforms—please take the time to visit us on [Facebook](#), [Twitter](#), [Instagram](#) and [YouTube](#) for weekly news, updates and programming including:
