Who We Are

We are staffed by psychologists, professional psychotherapists and advanced graduate level practicum students and interns.

Our services focus on helping clients learn, recognize and use their strengths and skills to solve problems and to enrich their quality of life. The counseling center uses a brief, goal directed, flexible counseling model. Each individual, couple or family is assured respect and confidentiality. We honor personal needs, beliefs, and multicultural contexts of our clients.

Support. Growth. Strength. Solutions.
