---

Dear Alburnett School Families,

I hope this letter finds you well. As part of our ongoing commitment to the well-being and success of our students, I wanted to follow up with some exciting news you received in recent communications.

We have partnered with an external counseling organization called Heart and Solutions to provide additional support for our students. Janey, a skilled counselor from this organization, will be available on-site to offer counseling services to students within our district.

Here are some key points to note about this partnership:

1. **In Partnership with Families:** At Alburnett Schools, we firmly believe that everything we do is in partnership with families and the community. The counseling services provided by Heart and Solutions will work collaboratively with families to support the unique needs of each student.
2. **Parent Approval Required:** No student will see the counselor without prior parent approval. It is essential that parents are actively involved in decisions regarding their child's well-being.
3. **Parent Attendance at First Session:** For those parents who choose to utilize the counseling services, your presence at the first session is required. This initial meeting will help establish a connection between the counselor, the student, and the family.

We are genuinely excited about the opportunity to offer this additional support for families who may find it beneficial. Our goal is to provide comprehensive assistance, and we believe that partnering with Heart and Solutions will enhance the resources available to our students and families.

If you have any questions or would like more information about the counseling services provided by Heart and Solutions, please feel free to reach out to us. We are here to support you and ensure that this partnership contributes positively to the well-being of our school community. Thank you for your continued trust and partnership in fostering a supportive and nurturing environment for our students.

Best regards,

Will Dible  
Superintendent  
Alburnett Schools
