Dear Alburnett School Stakeholders,

As we continue to work on the development of a five-year strategic plan for Alburnett Community Schools, I am reaching out to invite you to participate in an important aspect of this process – providing feedback on our school facilities.

Your input is invaluable as we strive to create a comprehensive plan that addresses the needs and aspirations of our entire school community. One of the key categories within this plan focuses on our school facilities. While we are diligently attending to necessary maintenance and upkeep, we also want to hear from you about your desires and preferences for our facilities.

To facilitate this feedback-gathering process, we have created a Facilities Feedback Form. This form will allow you to share your thoughts, ideas, and suggestions regarding our school facilities. Your feedback will be reviewed by the School Improvement Advisory Committee (SIAC) and will eventually be presented to the board for consideration after being vetted by the SIAC committee. Please keep in mind that this is an information gathering piece at this point in the process and is by no means a decision making form.

Please take a few moments to complete the Facilities Feedback Form by following this link:

Please note that due to Iowa Law regulations, we are unable to directly send this form to students without signed consent from the parent/guardian. However, if a parent/guardian chooses to share the form with their child, that would be considered active consent for the student to participate.

Thank you for your ongoing support and commitment to the success of our school district..

Sincerely,

Will Dible
Superintendent,
Alburnett Community School District
