

# DORA MOORE

Community Kindness Curiosity Excellence

Dear Dora Moore community,

As part of the [Denver Schools Thrive Initiative](#), and using direction from [Executive Limitation 18 \(EL-18\)](#), our school has been recommended by the superintendent as a school that could experience a programming change; **changing from an ECE-8th grade school to an ECE-5th grade elementary school starting in the 2025-2026 school year**. While our school is identified as potentially impacted, ***there has been no final decision made at this time***.

Prior to the Board's decision, the Superintendent will hold an engagement meeting at **Dora Moore** to share information about *why* our school was part of his recommendation, *how* this impacts our community and *what* support we can expect from the district in the transition.

I would like to invite you to join this meeting to get your questions answered by the Superintendent and the Transition Team, which includes staff from HR, Choice & Enrollment, FACE, the Employee Assistance Program, Transportation, Multilingual Education and Special Education.

## **Superintendent Engagement meeting details:**

Date: **Wednesday, November 20th**

Time: **7:30am - 9:30am**

Location: **Dora Moore Auditorium**

This session will be limited to only our school's students, staff, families and community. Childcare and interpretation services will be provided.

Please note that the [Family and Student toolkit](#) and the [staff toolkit](#) have been translated. To read the toolkit in your language, click the name of your language, which is linked at the top of the document.

Please contact me at [abram\\_janson@dpsk12.net](mailto:abram_janson@dpsk12.net) with any questions or concerns.

Sincerely,

**Abram Janson**  
**Principal, Dora Moore**
